### Hive Builder Spotlight: Janie Reynolds

We are thrilled to introduce you to Janie Reynolds in our very first donor spotlight. Janie is a close family friend of Bee Mighty founders, Candace and Michael Richter, and was a great source of support to their family while their son, Shaw, was a patient in the NICU. She even gave the Richters a prayer shawl for Shaw's isolette that is still a cherished family possession today.

Janie continued to be a great support to the Richters when Bee Mighty was first conceived and Shaw was released from the hospital. In fact, she opened her home for the launch of Bee Mighty to nearly one hundred family and friends. Since then, she has generously donated her time and money to Bee Mighty. You may have admired her exceptional present wrapping skills as she has wrapped hundreds of raffle

items for the annual Bee Something For Bee Mighty Gala each year.

Janie truly is an example of how a person can make an indelible impact on an organization both financially and through the donation of her time. To learn more about Janie and what it means to her to be such an integral part of the Bee Mighty family, please follow the link below:

## Meet our Mighty Bees: Emmy, Lucy and Pierce

Read more to see how YOUR contributions have helped them thrive!

Mighty Emmy was born at 23 weeks and 1 pound and 2 ounces! Since her NICU graduation, Emmy has required many therapies and still receives speech therapy twice-weekly. Emmy is a recipient of a Bee Mighty grant for her speech therapy. To learn more about Emmy's journey and celebrate her experience as Hugo's Hero, click on her picture!

Meet Mighty Lucy, our March Mighty Bee and example of how Bee Mighty helps babies other than those born prematurely! Lucy has diagnosed with hydrocephalus in utero but her parents later found out that she actually suffered from a severe brain malformation. Lucy has received a grant from Bee Mighty to help fund therapies she needs at least three or four times a week. Please click on Lucy's photo to learn more about her journey.

Pierce Franks is our April Mighty Bee. He was born at 23 weeks and 5 days in 2010 and spent 118 days in Levine Children's Hospital's NICU. Pierce has required a lot of therapies due to his severe prematurity and still requires therapy eight years later. Bee Mighty has helped his parents deal with those costs through grants. Click on Pierce's photo to learn more about his incredible journey!
